

Logo Policy

- The ABPD logo is the property of ABPD and is intended solely to identify Diplomates of ABPD in good standing. All rights to the ABPD logo belong to ABPD. The ABPD logo may only be used with an adjoining appropriate identifying phrase (e.g., Diplomat, American Board of Pediatric Dentistry) as provided by ABPD.
- A Diplomat may use the logo in professional, ethical, and non-commercial contexts, such as personal or practice websites to identify ABPD certification status, curriculum vitae, business cards, professional correspondence, educational or patient materials that are not sold for profit. The logo may not be used in connection with commercial products or services for sale, political campaigns or messaging, endorsements of any commercial, political, or ideological activity, or any context that could reasonably imply ABPD's endorsement of products, causes, or viewpoints.
- Any reproduction for or use by anyone other than a current diplomat in good standing is specifically prohibited. No fee will be charged for use of the logo, but all uses must comply with these guidelines.
- ABPD reserves the right to instruct a diplomat to cease use of the ABPD logo at any time. Diplomates must agree to these terms before using the ABPD logo.
